## **PELiCaN Mission & Scope**

## **PELiCaN Mission**

"The PELiCaN Network mission is to ensure that any baby, child or young person who dies in Scotland has access to 'gold standard' end of life care from the point it is acknowledged that they are entering the end of life stage of their diagnosis."

Palliative Care – supportive and symptom care (may be provided whilst therapeutic options being exhausted)

Out of Scope of PELiCaN

Network

Pathway to PELiCaN

Patients with deteriorating health with escalating healthcare needs

PELiCaN to influence - Planning and Preparation: ACP, CYPADM, Prompts for practice, Advice and signposting (PELiCaN Website)

Unexpected deaths 0-25yrs

PELiCaN 'room' – network defined 'Gold Standard' what must be accessible to

meet the unique needs of the family

and achieve a gold standard of care?

**PELiCaN Priority Group**— 'Gold standard of care'
